

Bound by Purpose, United for Nutrition

A Fellowship to Nourish Generations

“Nepal free from the effects of undernutrition & overnutrition.”

This fellowship brings together three generations of Nepali and global nutrition stakeholders to harness collective passion, experience and innovation. We will contribute in accelerating the reduction of undernutrition and addressing overnutrition to ensure every Nepali's right to optimum wellbeing .

Together, empower upcoming generations to become empathic and bold leaders for nutrition. We will serve as an independent voice to ensure accountability towards nutrition commitments and actions.

Pillars of the Fellowship:

- **Convene:** Build a community that shares knowledge and expertise, co-creates sustainable innovative solutions, and drives collective action.
- **Celebrate:** Share live experiences, showcase success stories, best practices, and lessons learned to inspire and spread knowledge in Nepal and globally.
- **Collaborate:** Implement advocacy initiatives to galvanize political will and public support to enhance accountability, catalyze policies, and mobilize resources to advance nutrition.
- **Connect:** Engage with global networks for collaborative research and leverage data and technological innovations to enhance the efficiency, effectiveness, and equity of nutrition programmes
- **Coach:** Empower emerging professionals with empathy and leadership skills to design and lead nutrition initiatives, fostering strong institutional capacity for sustainable, locally driven progress.
